DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 18-19 and 22-23 are rejected under 35 U.S.C. 102(b) as being anticipated by Brannon. Referring to claims 22-23 see the rejections of claims 1 and 11 in paragraphs 6 and 9 of the previous office action. Likewise, regarding claims 18-19 please refer to paragraph 10 of the previous office action.

Allowable Subject Matter

3. Claims 1-4, 7, 11, and 13 are allowed. The following is a statement of reasons for the indication of allowable subject matter: The prior art of record fails to teach a cap having an outer surface including hook and pile fasteners, a weight with hook and pile fastener compatible with the outer surface of the cap, and a weight belt having a plurality of pockets and compatible hook and loop fasteners to attach around the outer surface of the cap.

Response to Arguments

4. Applicant's arguments filed March 8, 2004 have been fully considered but they are not persuasive. The product-by-process limitation, "formed of a plurality of attachment members" would not be expected to impart distinctive structural characteristics to the outer surface. Furthermore, applicant has not claimed that the

entire outer surface of the cap has attachment members, thus Brannon reads on the claims as broadly interpreted.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
